PIONEERING

Asthra, the national tech fest of St. Joseph's College of Engineering and Technology, Palai, is a hub of innovation and creativity. It pushes boundaries, bringing groundbreaking ideas to the forefront through competitions, workshops, and cutting-edge tech showcases. More than just an event, Asthra is a platform where visionaries and problem-solvers come together to shape the future.

ASTHRA 9.0

Asthra 9.0 is the national-level techno-cultural fest of SJCET Palai, celebrated for its blend of technical excellence and creative brilliance. This year, the fest promises an extraordinary experience with over 80+ events and collaborations with 10 prestigious alliances. Participants from engineering colleges across India come together to showcase their talents, compete in various technical and non-technical events, and engage in innovative activities. Asthra 9.0 aims to inspire and challenge students, providing a platform to demonstrate their skills, network with peers, and gain valuable experiences that contribute to their academic and professional journeys.

SJCET PALAI

St. Joseph's College of Engineering and Technology, Palai, is a distinguished institution committed to nurturing future leaders in engineering and technology. Established with a vision of providing quality education, the college boasts a state-of-the-art infrastructure, a team of dedicated faculty members, and a vibrant campus life. The institution focuses on holistic development, encouraging students to excel academically while fostering their personal growth through various extracurricular activities and professional societies.
